**GMU Foundation Facts:**

Established in 1966, the Foundation is a non-private foundation and a private corporation organized and operated exclusively for the benefit of George Mason University.

By assisting the university in generating and managing private support, the Foundation has positively affected virtually every aspect of life at George Mason University. The Northern Chapter's Celebration of Golf adds to the Foundation resources to support four student scholarships and fellowships, and for the Northern Chapter's Professor of Accounting faculty grants for research and study and salary supplements to attract and retain eminent scholars. The Chapter's commitment is to support the Foundation in improving accounting education.
